

1

1 After you cut out all the pieces and make the mountain or valley folds, apply the glue carefully on the gray tabs with a blue dot on pieces (1) and stick them on the back of piece (2), keeping it straight, as shown by the arrows.

2

2 Apply the glue on the gray tabs with a blue dot on every piece (4) and stick them on piece (1), exactly as shown by the arrows. They should be located over the eyes of the mask.

3

3 Apply the glue on the gray tabs with a blue dot on piece (5) and stick them on the back of piece (5).

4

4 Apply the glue on the gray tabs with a blue dot on pieces (3), and stick them on the front of piece (2), as shown by the arrows.

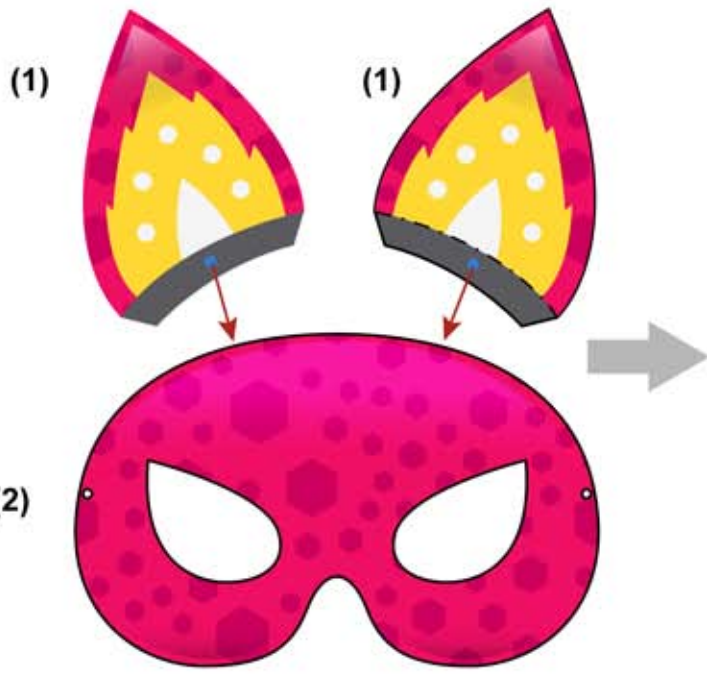

5

Elastic /  
Cord

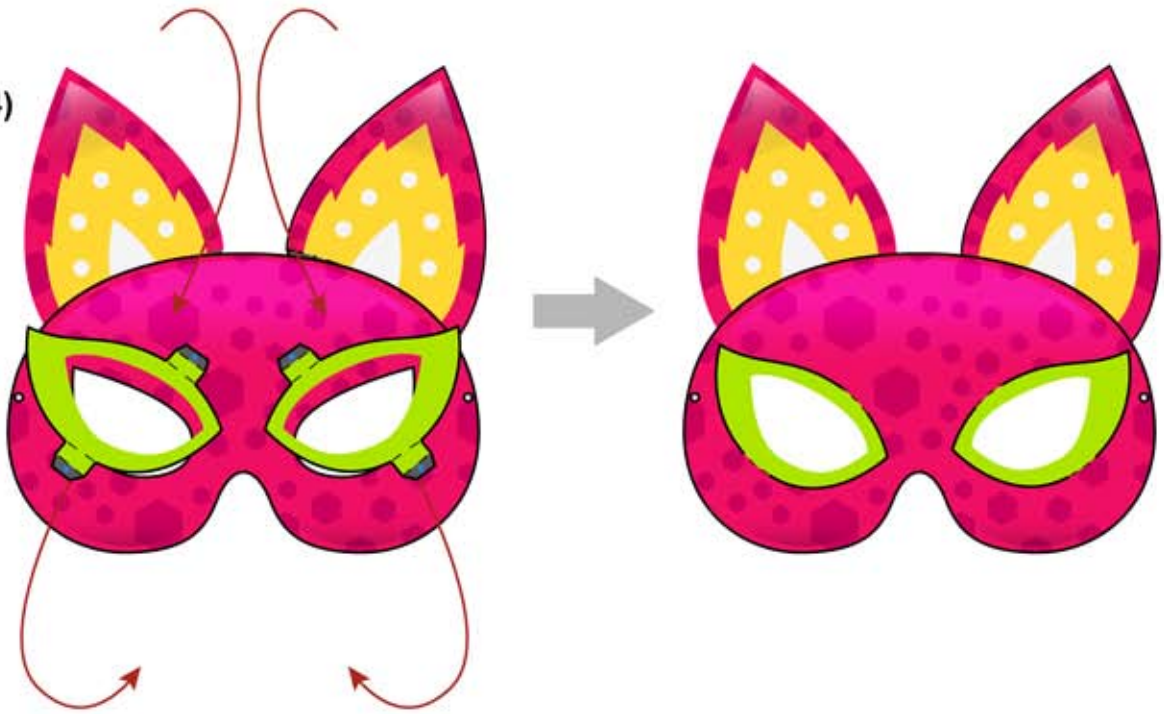

5 Finally, after you make the side holes on piece (2) put a rubber band from side to side to finish assembling the mask.
